

QUALITY POLICY

RC Construction are committed to consistently meeting our customer's expectations and contract requirements at the lowest possible cost.

To meet our commitment, we will:

- Ensure that everyone knows their obligations with senior managers providing visible leadership and commitment
- Provide a Quality Management system based on AS/NZS ISO 9001 to manage Quality using internal and third-party audits and inspections to monitor compliance
- Comply with all applicable legislation standards and contractual obligations
- Develop a "getting it right and on time" culture within our organisation through inductions and training
- Ensure continual improvement of quality performance by setting objectives and targets which are communicated and regularly reviewed
- Engage suppliers and subcontractors who commit to and support this policy

A handwritten signature in black ink that reads 'Thomas Hutcheson'.
